

# Welcome to Campus Solna

---

As a visitor to Campus Solna you have access to our visitor's parking. We recommend the new garage, Skruven, on Tomtebodavägen 5B with room for more than 550 cars both inside and outside. Skruven also contains charging stations for electrical cars.

As a visitor you have the option to pay your parking by the hour or to buy a monthly pass. Please contact Q-Park Customer Service on 0771-96 90 00 to order.

The garage is open 6am to 10pm but your car can be retrieved around-the-clock and the gate will open as you drive up to it. The garage also contains a locked bike room. Access to the garage is available through the access code that you receive upon payment or with a key card available to order from Q-Park Customer Service.

## DISABLED PARKING

Vehicles with disabled parking permits park for free at Campus Solna. Designated parking lots are available close to entrances or in connection to the general visitors' parking. If there are no designated parking lots available, you can park for free anywhere on campus as long as you hold a disabled parking permit and you do not block accessibility.

## MC

MCs park for free on all Akademiska Hus' campuses in the Stockholm area. Please use the designated parking. Parking by entrances is prohibited due to security reasons and to maintain accessibility.
