

Take your bike to Campus Solna!

The bicycle is a great way to get around Stockholm and it is also environmentally friendly, which is something that Akademiska Hus encourage. Because of this we offer a number of bike stands and sheds around campus.

In our new garage Skruven we offer a locked bike room. Access to it is granted with your KI access card if you are employed at KI or with a key card which you can order from Q-Park Customer Service, tel 0771-96 90 00.

There are compressed air pumps placed outside Wargentinetuset and in Skruven's bike room. Bikes to rent can be found near the crossing between Solnavägen and Tomtebodavägen, as well as outside the library opposite the Berzelius lab.

Please be considerate of others and do not lock your bike to handrails or ramps as it obstructs accessibility. Please also note that it is not allowed to store your bike indoors unless it is in designated areas, such as the bike room in Skruven.

A map over Campus Solna with marked parking lots can be found by [clicking here](#).
