Disturbance Information Library
Luleå University of Technology

Installation of Sun blinds on Façades
Sun Off is mounting of Sun blinds on façades to the library during week 46 and 47.

The work area is closed off as shown above. There is space left for pedestrian passage between Universitetsvägen and the Rainbow Avenue outside the barriers.

Due to planned visits to the Polar Research Secretariat on Thursday week 46, work will be interrupted during this time.

The work is expected to be completed on Wednesday week 47.
