

UNIVERSITY SPACE INVADERS

A new take on space as a service

Students wants more INTERACTION with industry

Akademiska Hus and Chalmers want higher utilization of SPACE

Industry wants to see students working in action

Our solution is to bring CO-WORKING to Campuses, by creating a platform where industries can post projects they want to do with students

AKADEMISKA HUS

CHALMERS

Students can apply to these projects and get REAL experience

And universities can educate students that are ready for work

-----Networking-----

-----utilization of SPACE-----

-----work experience-----
